

ABSTRACT

Khoirotun Naimah , 2023. *“The use of animation powerpoint as audio visual learning media of listening skill for tenth grade students of MAS Al-Falah Lemahabang.”* A thesis of English Language Education study program of Tarbiyah and Teacher Training Faculty of State Islamic Institute of (IAIN) Palopo, supervised by Jufriadi and Fadhliyah Rahmah Muin.

This research focussed on The use of animation powerpoint as audio visual learning media of listening skill for tenth grade students of MAS Al-Falah Lemahabang. The research question of this research was “Does the use of animation power point increase students’ listening skill for tenth grade students of MAS Al-Falah Lemahabang?”. Based on the research question above, the aims of the research was to find out how animation power point as the audio visual learning media can increase students’ listening skill. The result of this research were expected: 1) the research can provide additional information about the using animation power point in classroom activities and provide information that listening increased by animation power point as the audio learning. 2) powerpoint animation to be information and useful for all teacher and students in teaching and learning listening, and it also give impact to increasing students’ listening skill. The research used pre-eksperimental method. The researcher got the score by using a test that are pre-test and post-test. The population of this research was tenth grade students at MAS Al-Falah Lemahabang. The sample was taken by random sampling. The sample amount consist of 24 students. The instruments in this research were pre-test and post-test. There was significant differences between pre-test and post-test result, which post-test higher (76.67) than pre-test (59.79). According to the output table paired sample test, the sig value was $0.001 < 0.05$, so H_0 was rejected and H_1 was accepted. It indicates that using powerpoint animation as audio visual learning media is effective as learning/teaching listening skill at MAS Al-Falah Lemahabang. It means that powerpoint animation as audio-visual media can increase listening ability in tenth grade student at MAS Al-Falah Lemahabang in 2023/2024 academic years.

Keywords: Audio visual media, listening skill, powerpoint animation.
