

ABSTRACT

Nurfaida Zahra, 2024, *“Using Vlog Media To Improve Speaking Skills At The Eleventh Grade Senior High School”* A Thesis of English Language Education Study Program in the State Islamic Institute of Palopo Supervised by Masruddin And Yuyun Ruqiyat Said

This research focuses on using Vlogs as media learning media to improve the speaking skills of class XI Madrasah Aliyah Rantebelu Luwu students. The research question is “What is the use of Vlog media that can improve students' speaking skills in class XI students Madrasah Aliyah Rantebelu?” Based on the research questions above, the objectives of this research aim to find out how Vlog Media works as learning media to improve students' speaking skills. This research uses quantitative methods. To collect data, researchers used a speaking test by asking questions on the research instrument. The researcher gets a score using tests, namely pre-test and post-test. The population of this study is the Eleventh grade student Madrasah Aliyah Rantebelu Luwu. The samples are XI MIA 2 consists of 30 students. Based on the result of this research, the researcher concluded that using vlog media was more effective in improving students' speaking skills. There are significant differences between the pre-test and post-test results, where the mean of the post-test was higher (60,57) compared to the pre-test (45,97). Based on the paired sample test output table, a sig value of 0.000 is obtained < 0.05 then (H_0) is rejected and (H_1) is accepted. This shows that using Vlog media in learning is effectively used in learning/teaching speaking skills at Madrasah Aliyah Rantebelu Luwu. This means that Vlog as a learning medium can improve the speaking skills of eleventh-grade students at Madrasah Aliyah Rantebelu Luwu for the 2023/2024 academic year.

Keywords: Vlog Media, Speaking Skill, Teaching media.
