

ABSTRACT

Dian Wahyuni, 2024. *"Development of Tana Luwu Folklore Teaching Materials on the Theme of Where I Live, Integrated Character Education in Class IV of SDN 657 Passampa, Luwu Regency."* Thesis for Madrasah Ibtidaiyah Teacher Education Study Program, Tarbiyah and Teacher Training Faculty, Palopo State Islamic Institute. Supervisor (I) Nursyamsi supervisor (II) Firman.

This research aims to determine the need for developing teaching materials, knowing the prototype of Tana Luwu folklore teaching materials, the validity and practicality of the product for developing teaching materials in class IV at SDN 657 Passampa, Luwu Regency.

The research method used is Research and Development, which refers to the 4D model which consists of four stages, namely Define, Design, Develop and Disseminate. Data collection techniques were carried out using observation, interviews and questionnaires. Data was analyzed descriptively, quantitatively and qualitatively. The instruments used in this research were design expert validation sheets, language expert validation sheets, and teacher and student response questionnaires.

The results of the research show that the validity of the teaching materials assessed by design expert validators was 84% in the "Very valid" category and the validation results from language experts showed that the feasibility reached 84%, including in the "Very valid" category, next the researcher gave a practicality questionnaire to students and educators, the results of the educators' response to these teaching materials were 91%. with the category "Very practical" and student responses were in the percentage of 83% in the practical category. Thus it can be concluded that the teaching material products developed are very valid and practical for use in the learning process.
